SELF-HELP ORGANISATION FOR SPINA BIFIDA AND HYDROCEPHALUS IN NRW E.V.

- LIVING COMMUNITY AND INCLUSION
- INFORM
- ENCOURAGE
- PROMOTE INDEPENDENCE

WELL NETWORKED

We are committed to ensuring that people with spina bifida are recognized in society. Their medical care must be ensured in accordance with the complexity of the disability - in childhood and adulthood!

SPINA BIFIDA

develops in early pregnancy.

The neural tube does not close completely, the spinal cord membranes and nerve fibers are not protected by the vertebral arch. This is often accompanied by hydrocephalus, a disturbance of the cerebrospinal fluid circulation.

However, the effects vary greatly from case to case.

ENCOURAGE AND HELP

We want to provide parents who are confronted with the diagnosis of spina bifida with advice and support, reduce fears, give hope and help them make a decision for life.

We look forward to your support!

EXPERIENCE COMMUNITY!

In addition to information and training, we always focus on shared experiences. With us, you can get to know people who are in a similar situation.

That is very important to us.
